'One Day Seminar' on "Intellectual Property Rights" on the occasion of "National Science Day" 28th February 2019

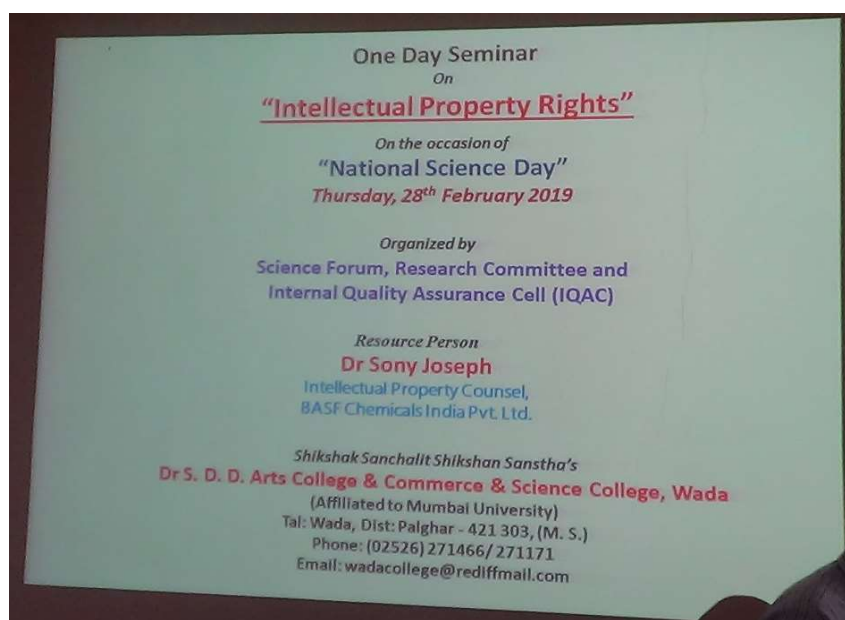

A 'One Day Seminar' on "Intellectual Property Rights" on the occasion of "National Science Day" on 28th February 2019 was organized by Science Forum, Research Committee and Internal Quality Assurance Cell (IQAC).

The Seminar was inaugurated at the auspicious hands of the chief guest and resource person Dr Sony Joseph, Intellectual Property Counsel, BASF Chemicals India Pvt. Ltd. The program started by lighting the lamp by Dr Sony Joseph and Prin. N. K. Phadke. Prin. N. K. Phadke has delivered cordial welcome address. Prin. N. K. Phadke has welcomed Dr Sony Joseph with fragrance of the flower and memento. Dr Rajendra Mane, Coordinator, CRC and CSF has introduced Dr Sony Joseph.

In the Session-I, Dr Sony Joseph started his talk by giving an "Introduction to IPR and Importance of Intellectual Property Rights at the time of Technological Advancement". He specified different terms like trademark, designs, copyright, patent and geographical indications. He explained nicely what can be patented?

Session II was about 'Patents from Indian and Global Perspective', Dr. Sony clarified the procedure of filing a patent. The seminar was intended to construct an overview, awareness, procedural aspect of patent drafting and filling, patent publishing and commercialization, culture of research and innovation, global perspective, recent trends and developments in the field of IPR and wide range of opportunities. Large numbers of students were present at the 'Seminar on IPR' and celebration of 'National Science Day' and it was a remarkable event and ended prolific for the students and teachers.

Dr Amardeep Shende has anchored the program in a prominent way. Dr Kailas Joshi has presented a vote of thanks. Finally all are requested to rise for national anthem.

“Element of the Day”

With reference to the “International Year of Periodic Table of Chemical Elements”, College Science Forum started the new activity: “Element of the Day”. Inauguration of the activity was confirmed by the Dr Sony Joseph and Prin. N. K. Phadke.

About IYPT2019

- The Periodic Table of Chemical Elements is one of the most significant achievements in science, capturing the essence not only of chemistry, but also of physics and biology.
- It is a unique tool, enabling scientist to predict the appearance and properties of matter on the Earth and in the rest of the Universe.
- 2019 will be the 150th anniversary since Dmitry Mendeleev discovered the Periodic System and has been proclaimed the "International Year of the Periodic Table of Chemical Elements" (IYPT2019).
- The initiative for IYPT2019 is supported by-
 - International Union of Pure and Applied Physics (IUPAP) in partnership with European Association for Chemical and Molecular Science (EuCheMS)
 - International Council for Science (ICSU)
 - International Astronomical Union (IAU) and
 - International Union of History and Philosophy of Science and Technology (IUHPS)
- It was submitted by numerous organizations from over 50 countries around the world.

Poster Presentation on the occasion of National Science Day, 28th February 2019

Chief guest Dr Sony Joseph, Intellectual Property Counsel, BASF Chemicals India Pvt. Ltd inaugurated the “Poster Presentation” on the occasion of ‘National Science Day’. He emphasized in his speech that students should develop scientific aptitude in them. The day was celebrated in the presence of all staff members and students. Posters on different subjects were presented by students. Dr. Sony applauded the enthusiasm of the students.
