Library Visit
(2022-23)

Date: 09/09/2022

Mathematics department dated 01/09/2022 had decided to visit Library on 09/09/2022. This program arranged for all graduate students. There were around 30 students from all classes participated the programme.

In our college library there are 350 Reference books of Mathematics. In the syllabus of B. Sc. university had given References for each subject to study. So our department decided to visit the library.

There were more than thirty students participated to the library visit program. Students were very enthusiastic and energetic about subject. We faculty and library staff help them to students, how to find a book? Mr. Bendale, Mr. Pashte, Mr. Badakh, Mrs Pote were the staff member's helping to our students. Though the strength of the department small in number, students of department curious to do the mathematics.

Hence the library visit was useful for student. It was informative and useful for further days.

Report: Science Day (28/02/2022)

Every year our college celebrates Science Day Program. In the academic year 2021-22 Science forum arranges a 'Guest lecture on "Intellectual property Rights" on the occasion of "National Science Day" on 28th February 2022.

The celebration of "National Science Day" was inaugurated at the auspicious hands of the chief guest Hon. Tahsildar Dr. Uddhav Kadam and P. I. Shri. Dasharath Patil. The program started by inaugurating Science Exhibition. Prin. Dr. S.S. Khandekar welcomed guests with fragrance of the flower and memento. Posters on different subjects were presented by students. Dr. Kadam sir applauded the enthusiasm of the students. Mathematics department had participated in Science Day. Our students from all classes (FYBSC, SYBSc & TYBSc) prepared posters and presented in the program.

After Exhibition our next program on webex (online) platform. The program of guest lecture on "Intellectual Property Rights", our speaker was Mr. Kuldeep Jangir from NIPAM (National Intellectual Property Awareness Mission). In the lecture, Kuldeep Jangir expressed his thoughts on "Importance of Intellectual Property Rights at the time of Technological Advancement". He specified different terms like trademark, designs, copyright, patent and geographical indications. He explained nicely what can be patented? Mr. Kuldeep Jangir clarified the procedure of filing a patent. The seminar was intended to construct an overview, awareness, procedural aspect of patent drafting and filling, patent publishing and commercialization, culture of research and innovation, global perspective, recent trends and developments in the field of IPR and wide range of opportunities. Large numbers of students were present at the 'Seminar on IPR' and celebration of 'National Science Day' and it was a remarkable event and ended prolific for the students. Dr. Rajendra Mane has anchored the program in a prominent way. Mr. Arvind Salve has presented a vote of thanks. Finally all are requested to rise for national anthem.

Report: Science Day

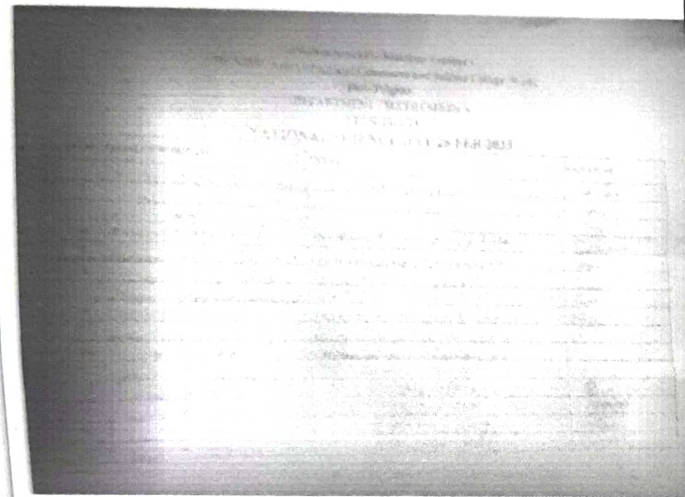

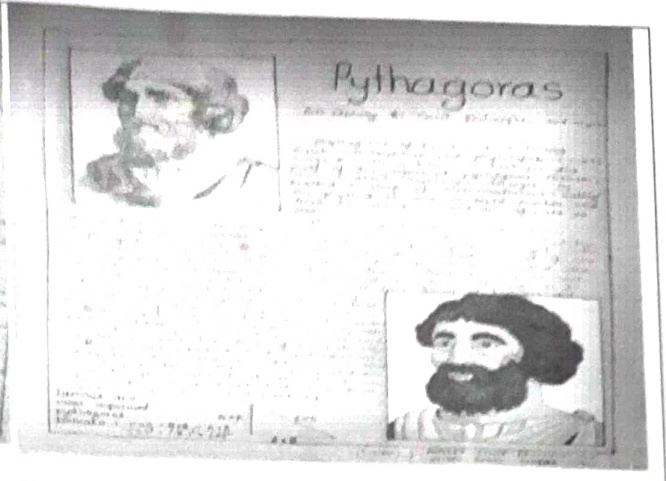

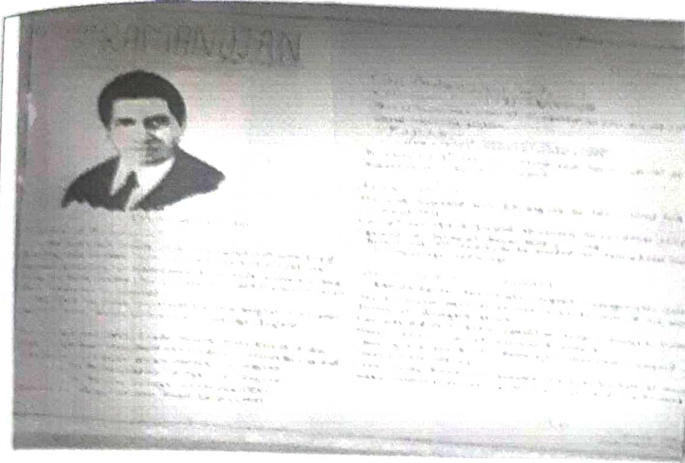

(28/02/2023)

Every year our college celebrates Science Day Program. In the academic year 2022-23 Science forum arranges a programme and our elder faculty of Science Dr. Megha N. Gawade madam inaugurated the "Poster Presentation" on the occasion of 'National Science Day'. The day was celebrated in the presence of all staff members and students. Posters on different subjects were presented by students. Our students from all classes (FYBSC, SYBSc & TYBSc) prepared posters and presented in the program.

In this day all science departments were participated along with various themes for the concern subject. There were some basic and few were very emerging concepts were prepared by the students. Students were made poster in two-three student groups. In according to future point of view such a type of together work and discussion were happened in them.

Our Mathematics department participated in poster presentation. The concept of 'Butterfly effect' which is very famous in chaotic theory. All over the world chaos theory very well known and works the researcher on it. Miss. Ridhi S. Patil, Miss. Sakshi M. Gaikwad and Miss. Santoshi A. Megha students from second year class prepared the theme of 'Butterfly effect', while Miss. Sapna Lohiya and friend prepared poster on L'Hospital rule. This rule is used to find the limit of the function of indeterminate form functions. In Calculus it the most important rule. Students from first year class themes were important formulae on Derivative and Integration and some information of Mathematicians Aaryabhata, Ramanujan and Pythagoras. Students were put information of concern mathematician and their usefulness to the world and also mentioned their literature work in the history of world. All the posters were seen with enthusiasm by I/C Principal, faculties and students from Art's, Commerce and Science departments.

These are the glimpse of the event: National Science Day 28 Feb 2023.
